WHMIS: Not Applicable

Protective Equipment:

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: HVAC-1
Product Description: Heat Transfer Fluid Additive Package
Chemical Name: Mixture
Chemical Family: Alkaline aqueous solution of inorganic and organic corrosion inhibitors.
Chemical Formula: Mixture
CAS Registry: Mixture
Other Designations: None
General Use: Inhibitor package for automotive antifreeze or additive package for automotive antifreeze/coolant.
Manufacturer: Additives Plus, P.O. Box 1119, Evergreen, CO 80437, Phone (303)-916-0639
FAX (303) 679-8988 (Hours of operation: Mon-Fri 8:00am-5:00pm MST)
24-hour Emergency Number: PERS 800-633-8253 Customer Service: 303-916-0639

SECTION 3 – HAZARDOUS IDENTIFICATION

Health: 1
Flammability: 0
Reactivity: 0
Special: 0

0 = minimal 1= slight 2=moderate 3= serious 4= severe

Route(s) of Entry
Inhalation: Airborne concentrations of mist or spray may cause damage to the upper respiratory tract and even to lung tissue. Vapor/fumes are not generated at significant levels until temperature is elevated.
Skin: Destructive to tissues contacted and produces severe burns. The severity of damage and extent of irreversibility increases with length of contact time.

Ingestion: Swallowing can cause severe burns and tissue perforation of mucous membranes of the mouth, throat, esophagus and stomach.

Eyes: Destructive to eye tissue on contact.

Target Organs: None known

Effects of overexposure: Contact with the eyes may damage delicate eye tissue. Ingestion will cause mouth, throat and gastrointestinal irritation. Sodium nitrite can cause cyanosis, headache, dizziness, nausea and methemoglobinemia. Inhalation of harmful levels of vapors is unlikely due to the relatively low vapor pressure and the relatively low concentrations of ingredients.

Effects of overexposure: Acute: None known. Chronic: None known.

Medical Conditions Generally Aggravated by Long-Term Exposure: None expected.

Chronic Effects: None known

Carcinogenicity
NTP: None known
IARC Monographs: None known
OSHA Regulations: None known
ACGIH: None known

SECTION 4 – FIRST AID MEASURES

Emergency and First Aid Procedures: Eye contact: Flush eyes with large amounts of water for 15 minutes. If irritation persists, get medical attention.

Skin contact: Wash affected area thoroughly with soap and water. Remove contaminated clothing, rings, etc.

Ingestion: Toxic if swallowed. Induce vomiting immediately and seek medical attention.

Inhalation: Remove to fresh air. If breathing has stopped, start artificial respiration. Seek medical attention.

Note to Physicians: Treat symptomatically
Special Precautions/Procedures: None known

SECTION 5 – FIRE-FIGHTING MEASURES

Unusual Fire Fighting procedures: None required; non-flammable product
Flash Point: None detected
Flash Point Method: Pensky Martens
Burning Rate: Does not burn
Auto ignition Temperature: Not available

Flammable limits in air (% by volume): Not applicable
LEL: Not applicable
UEL: Not applicable
Flammability Classification: Not flammable
Extinguishing Media: Water, fog, foam, CO₂, dry chemical
**Unusual Fire or Explosion Hazards:** Closed containers may rupture or explode due to steam pressure build-up when exposed to extreme heat. Water may be used to cool closed containers.

**Fire-Fighting Instructions:** Do not release runoff from fire control methods to sewers or waterways.

**Fire-Fighting Equipment:** Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full facepiece operated in pressure-demand or positive-pressure mode.

**Unusual Fire Fighting procedures:** Full protective equipment including self-contained breathing apparatus should be used when Additive Inc. Antifreeze Additive Solution is present during a fire. During emergency conditions, overexposure to decomposition products may cause a health hazard. Symptoms may not be immediately apparent. Seek medical attention.

---

**SECTION 6 – ACCIDENTAL RELEASE MEASURES**

**Spill/Leak Procedures:** Recover usable material by convenient method; residual may be removed by wipe or wet mop.

**Small Spills:** Small spills should be absorbed with a suitable inert material (sand, earth, clay, etc.). Remove the absorbed material and place in an appropriate chemical waste container for disposal.

**Large Spills:** For large spills, dike and pump into suitable containers. Clean up residual water.

**Containment:** For large spills, dike far ahead of liquid spill for later disposal.

**Regulatory Requirements:** Follow applicable Federal, State and Local regulations.

---

**SECTION 7 – HANDLING AND STORAGE**

**Handling Precautions:** Wear impermeable gloves and other protective clothing to avoid prolonged or repeated skin contact. When handling, wear eye protection.

**Storage Requirements:** Keep containers tightly closed when not in use.

---

**SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Engineering Controls Ventilation:** Provide general or local exhaust ventilation systems.

**Administrative Controls**

**Respiratory Protection:** If personal exposure cannot be controlled below applicable exposure limits by ventilation, wear respiratory devices approved by NIOSH/MSHA, for protection against organic vapors, dust, fumes and mists.

**Protective Clothing/Equipment:** Where skin contact may occur, chemical-impervious gloves should be worn. Use chemical goggles or full face shield when the danger of splashing exists. Rubber apron or similar protective clothing to prevent contact with skin or clothes.

**Work and Hygienic Practices:** Wash or rinse hands before touching eyes or contact lenses, and before eating.

**Safety Stations:** Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

**Contaminated Equipment:** Separate contaminated work clothes from street clothes. Launder before reuse. Remove this material from your shoes and clean personal protective equipment.
Comments: Avoid contact with skin, eyes and clothing. Do not take internally. Clean up spills immediately. Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

### SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

<table>
<thead>
<tr>
<th>Property</th>
<th>Value</th>

</tbody>
</table>

### SECTION 13 – DISPOSAL CONSIDERATIONS

<table>
<thead>
<tr>
<th>Property</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Waste disposal method:</td>
<td>Sanitary landfill or incinerate in approved facilities in accordance with local, state and federal regulations.</td>
</tr>
<tr>
<td>Disposal Regulatory Requirements:</td>
<td>Shipments of waste material may be classified as hazardous and subject to manifesting requirements through applicable regulatory agency.</td>
</tr>
<tr>
<td>Container Cleaning and Disposal:</td>
<td>Containers should be cleaned of residual product before disposal, and disposed of in accordance with all applicable laws and regulations.</td>
</tr>
</tbody>
</table>
SECTION 14 – TRANSPORT INFORMATION

DOT Shipping Name: Non-Hazardous
Shipping Symbols: None
Hazard Class: None
DOT Identification No.: None
Packing Group: None
Label: Non-Hazardous
DOT Class 55

Packaging Authorizations
a) Exceptions: Not applicable
b) Non-bulk Packaging: Not applicable
c) Bulk Packaging: Not applicable

Quantity Limitations
a) Passenger, Aircraft, or Railcar: One liter
b) Cargo Aircraft Only: One liter

Vessel Stowage Requirements
a) Vessel Stowage: Not applicable
b) Other: Not applicable

SECTION 15 – REGULATORY INFORMATION

EPA Regulations
RCRA Hazardous Waste Number and RCRA Hazardous Waste Classification: Not applicable
CERCLA Hazardous Substance and CERCLA Reportable Quantity: Not applicable
SARA Toxic Chemical and SARA EHS: Reportable under SARA Title III (40 CFR, Part 370)

OSHA Regulations: Must comply with OSHA standard 29 CFR 1910.1200 (employee right to know)

SECTION 16 – OTHER INFORMATION

Prepared By: Additives Plus
Additional Hazard Rating Systems: None

Disclaimer: THE INFORMATION GIVEN HEREIN IS GIVEN IN GOOD FAITH AND FROM SOURCES WE BELIEVE RELIABLE. BUT NO WARRANTY, EXPRESS OR IMPLIED, REGARDING ITS CORRECTNESS IS MADE.

The conditions or methods of handling, storage, use and disposal of this product are beyond our control and may be beyond our knowledge.
