

Sea-Wash® All-Purpose Disinfectant Cleaner

EPA Registration # 85837-4-96014

EPA Establishment # 96014-LA-1

Sea-Wash® All-Purpose Disinfectant Cleaner is a powerful product for hospital, industrial, and household cleaning applications. The product is uniquely formulated to effectively clean with stabilized hydrogen peroxide (H₂O₂). This ready to use (RTU) formula powers through your toughest cleaning jobs.

COVID-19 (Coronavirus Disease 2019) is caused by **SARS-CoV-2**. **Sea-Wash® All-Purpose Disinfectant Cleaner** has demonstrated effectiveness against viruses similar to **SARS-CoV-2** on hard, porous and/or non-porous surfaces. Therefore, **Sea-Wash® All-Purpose Disinfectant Cleaner** can be used against COVID-19 when used in accordance with the directions for use against Rhinovirus on hard, porous and/or non-porous surfaces. Refer to the CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for more information.

Sea-Wash® All-Purpose Disinfectant Cleaner can be used on non-porous surfaces, glazed porcelain or stainless steel, and for degreasing tools, equipment, and floors. This product kills up to 99.9%* of germs. **Sea-Wash® All-Purpose Disinfectant Cleaner** can be used in many other cleaning applications such as homes, hospitals, nursing homes, patient rooms, shower rooms, locker rooms, public restrooms, schools, restaurants, office buildings, hotels/motels, day care facilities, public dining areas, nurseries, veterinary clinics, pet stores, animal housing facilities, where housekeeping is of prime importance in controlling the hazard of cross contamination.

FEATURES/BENEFITS

- Contains no VOCs (volatile organic compounds)
- Safe for use in household cleaning
- Great for everyday use cleaning your home
- Quickly removes dirt, grease, grime, mold, mildew, food residue, blood, and other organic matter commonly found in hospitals

DIRECTIONS FOR USE

DISINFECTION, DEODORIZING AND CLEANING - It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For heavily soiled or greasy areas, pre-cleaning is required. Please read all directions carefully before using this product. **TO CLEAN:** Spray on surface until thoroughly wet, then wipe clean. No rinsing required. To clean (kitchen) grease, allow product to sit 15-20 seconds to penetrate grease before wiping clean. Repeat if necessary. **TO DISINFECT:** Spray until thoroughly wet. Let stand for 10 minutes then wipe clean. **TO CONTROL AND PREVENT THE GROWTH OF MOLD & MILDEW:** Pre-clean hard, non-porous surfaces. Apply product to pre-cleaned surface. Let surface remain wet for 3 minutes and then allow to air-dry. Repeat application at weekly intervals or when mold and mildew growth appears.

MILDEWSTAT - To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

FUNGICIDAL ACTIVITY – is fungicidal against the pathogenic fungus, Trichophyton Mentagrophytes (ATCC 9533) (Athlete's Foot Fungus) (a cause of ringworm), when used with a 10 minute contact time on clean, non-porous, hard surfaces as found in bathrooms, shower stalls, locker rooms, or other areas commonly contacted by bare feet.

VIRUCIDAL ACTIVITY – kills on hard, non-porous inanimate surfaces when allowed to remain wet for a 10-minute contact time against Influenzas such as H1N1, Rhinovirus, and Coronavirus COVID-19

DEGREASING - provides excellent grease-cutting ability without the objections often associated with petroleum-based solvents, leaving behind a pleasant fragrance and deodorizes as it cleans. Rinse surface of excess contaminants and apply directly to soiled area. Allow to soak for 10 minutes prior to rinsing. Repeat if necessary. Apply mechanical force on tougher jobs.

Active Ingredient:

Hydrogen Peroxide2.40%

Inert Ingredients 97.60%
