Custom Plus™ MP D/M ATF

**Custom Plus MP D/M ATF** is a formulation of base oils and a sophisticated additive package designed for most late model year vehicles, both foreign and US made. Custom Plus MP D/M ATF meets GM Dexron III specification, and may be used in applications calling for Dexron III G, Dexron IIE, Dexron II, Dexron, Mercon, or Type A Suffix A transmission fluid. It meets performance requirements of Allison C-4 and anti-wear hydraulic fluid.

**FEATURES/ BENEFITS**

- **Inventory consolidation** - one product can serve most automatic transmission applications.
- **Excellent all-temperature, year-round protection and performance** - Custom Plus MP D/M ATF remains fluid at low temperatures for cold weather shifting and to eliminate premature wear (especially at start-up) and maintains its properties at high temperatures and under extreme loads and operating conditions.
- **Proven anti-wear protection and shear stability** - Custom Plus MP D/M ATF will help to extend the life and service intervals of your transmission, especially for transmissions experiencing more startup and/or shift cycles, or extreme loads or environments.
- **Smoother shifting, protects against shudder** - The proven additive technologies combine to provide smoother, more consistent shifting performance and provide smooth, positive lockup, reducing shudder.
- **Extended service life and performance** - Custom Plus MP D/M ATF resists oxidation, retains frictional performance, and protects against rust and corrosion.

**APPLICATIONS**

Custom Plus MP D/M ATF is designed for use in:

- Passenger cars
- Light and Heavy Duty Trucks
- Commercial Vehicles and Trucks
- On/Off Highway Vehicles
- Buses and Coaches
- Emergency Vehicles
- Any automatic transmissions manufactured around the world calling for Dexron or Mercon ATF
- May also be used in power steering units and hydraulic system
- Not for use in CVT (Continuously Variable Transmissions) or DCT (Dual Clutch Transmissions) which require specialized fluids.

**RECOMMENDATIONS/SPECIFICATIONS**

Custom Plus MP D/M ATF is suitable for use in the vehicles that specify the following requirements:

- GM DEXRON®, DEXRON® II, II-E, III, III-G,
- Ford MERCON®
- Chrysler (Mopar) ATF-Plus,
- Allison C-3, C-4,
- CAT TO-2

*ATF recommendations may vary between models from a manufacturer*

*Consult owners manual for the correct fluid recommendation*

**SPECIAL HANDLING, NOTICES OR WARNINGS**

Use the care and handling used for petroleum based ATF
