SECTION 1: IDENTIFICATION

1.1. Product Identifier
Product Form: Mixture
Product Name: Super Power Truck Wash

Synonyms: none

1.2. Intended Use of the Product
Concentrated all purpose cleaner

1.3. Name, Address, and Telephone of the Responsible Party
Company
Smitty’s Supply, Inc.
PO BOX 530
Roseland, LA 70456
985-748-8214
www.smittysinc.net

1.4. Emergency Telephone Number
Emergency Number: 1-800-424-9300, CHEMTREC

SECTION 2: HAZARDS IDENTIFICATION

2.1. Classification of the Substance or Mixture
Classification (GHS-US)
- Acute Toxicity, Inhalation, 4: H332
- Eye Irritation, 2A: H312
- Acute Toxicity, Oral, 4: H302
- Serious Eye Damage, 1: H318
- Skin Irritation, 2: H315

Full text of H-phrases: see section 16

2.2. Label Elements
GHS-US Labeling
Hazard Pictograms (GHS-US):

Signal Word (GHS-US): Danger
Hazard Statements (GHS-US):
- H302 + H312 + H332: Harmful if swallowed in contact with skin or if inhaled.
- H318: Causes Serious Eye Damage
- H315: Causes Skin irritation

Precautionary Statements (GHS-US): Prevention
- P280, P264, P270: Wear protective gloves/ protective clothing/ eye protection/ face protection. Wash hands and any affected exposed skin/ clothing thoroughly after handling. Do not eat, drink, or smoke, when using this product.
Precautionary Statements (GHS-US)  :  Response

Cont.  
P301 + P312, P330, P305 + P351 + P338, P337 + P313, P302 + P 352, P362, P332 + P313, P304 + P340, P310, P321: IF SWALLOWED: Call POISON CENTER if you feel unwell. Rinse Mouth. IF IN EYES: Rinse cautiously for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention. IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs: Get medical advice/ attention. IF INHALED: Remove victim to fresh air and keep at rest in a position conformable for breathing. Immediately call a POISON CENTER. Specific Measures (see supplemental first aid instructions on this label.)

Storage
P403 + P235: Store in a well-ventilated place keep cool.

Disposal
P501: Dispose of contents/container in accordance with all local/ regional/ national/ international regulations.

2.3. Other Hazards
None Known

2.4. Unknown Acute Toxicity (GHS-US)
None of this product contains unknown acute toxicity.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

*The specific chemical identity and/or exact percentage of composition have been withheld as a trade secret within the meaning of the OSHA Hazard Communication Standard [29 CFR 1910.1200].

3.2. Mixture
Not Applicable

Full text of H-phrases: see section 16

SECTION 4: FIRST AID MEASURES

4.1. Description of First Aid Measures

General: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label if possible).

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

Skin Contact: Wash skin thoroughly with soap and water or use recognized skin cleanser. Continue to rinse for at least 10 minutes. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Eye Contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 15 minutes. Get medical attention.

Ingestion: Get medical attention immediately. Call a poison center or physician. Wash out mouth with water. Remove dentures if any. Remove
Super Power Truck Wash
Safety Data Sheet
According To Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules And Regulations Version SEA7.001

Variety to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the
exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not
induce vomiting. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an
unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open
airway. Loosen tight clothing such as a collar, tie, belt or waistband.

4.2. Most Important Symptoms and Effects Both Acute and Delayed
General: see below
Inhalation: May cause drowsiness and dizziness, nausea or vomiting, headache, drowsiness/fatigue.
Skin Contact: Causes skin irritation, redness
Eye Contact: Pain or irritation, watering, redness
Ingestion: Harmful if swallowed, nausea or vomiting

Chronic Symptoms: No known significant effects or critical hazards.

4.3. Indication of Any Immediate Medical Attention and Special Treatment Needed
If you feel unwell, seek medical advice (show the label where possible).

SECTION 5: FIRE-FIGHTING MEASURES
5.1. Extinguishing Media
Suitable Extinguishing Media: Use water spray, dry chemical, carbon dioxide, or alcohol-resistant foam for extinction.
Unsuitable Extinguishing Media: None noted
5.2. Special Hazards Arising From the Substance or Mixture
Fire Hazard: During a fire irritating or toxic decomposition products may be generated. Runoff to sewer may create fire or explosion hazard. Fire
water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain.
Explosion Hazard: Product is not an explosive.
Reactivity: Hazardous reactions will not occur under normal conditions.
5.3. Advice for Firefighters
Precautionary Measures Fire: Exercise caution when fighting any chemical fire. Under fire conditions, hazardous fumes will be
present.
Firefighting Instructions: Use water spray or fog for cooling exposed containers.
Protection During Firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.
Hazardous Combustion Products: Under fire conditions, may produce fumes, smoke, oxides of carbon and hydrocarbons.
Other Information: Refer to Section 9 for flammability properties.

Reference to Other Sections
Refer to section 9 for flammability properties.

SECTION 6: ACCIDENTAL RELEASE MEASURES
6.1. Personal Precautions, Protective Equipment and Emergency Procedures
General Measures: Avoid all contact with skin, eyes, or clothing. Avoid breathing (vapor, mist, spray).
6.1.1. For Non-Emergency Personnel
Protective Equipment: Use appropriate personal protection equipment (PPE).
6.1.2. For Emergency Personnel
Protective Equipment: Equip cleanup crew with proper protection.
6.2. Environmental Precautions
Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.
6.3. Methods and Material for Containment and Cleaning Up
For Containment: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.
Methods for Cleaning Up: Clean up spills immediately and dispose of waste safely. Spills should be contained with mechanical
barriers. Transfer spilled material to a suitable container for disposal. Contact competent authorities after a spill.

6.4. Reference to Other Sections
See Heading 8. Exposure controls and personal protection. For further information refer to section 13.

SECTION 7: HANDLING AND STORAGE
7.1. Precautions for Safe Handling
Additional Hazards When Processed: Put on appropriate personal protective equipment (see Section 8). Do not swallow. Avoid contact with eyes, skin and clothing. Avoid breathing vapor or mist. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Do not enter storage areas and confined spaces unless adequately ventilated. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Empty containers retain product residue and can be hazardous. Do not reuse container.

Hygiene Measures: Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

7.2. Conditions for Safe Storage, Including Any Incompatibilities

Technical Measures: Comply with applicable regulations.

Storage Conditions: Store in a dry, cool and well-ventilated place. Keep container tightly closed and sealed when not in use. Keep/Store away from direct sunlight, extremely high or low temperatures and incompatible materials and food and drink. Store locked up. Eliminate all ignition sources. Separate from oxidizing materials. Do not store in unlabeled containers. Use proper containment to avoid environmental contamination.

Incompatible Materials: strong oxidizing materials

7.3. Specific End Use(s)

Concentrated all purpose cleaner

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1. Control Parameters

For substances listed in section 3 that are not listed here, there are no established Exposure limits from the manufacturer, supplier, importer, or the appropriate advisory agency including: ACGIH (TLV), NIOSH (REL), OSHA (PEL), Canadian provincial governments, or the Mexican government.

<table>
<thead>
<tr>

<tr>
<td>ACGIH</td>
</tr>
<tr>
<td>OSHA Z-1</td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td>NIOSH REL</td>
</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

8.2. Exposure Controls

Appropriate Engineering Controls: Ensure adequate ventilation, especially in confined areas. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. The engineering controls also need to keep gas, vapor or dust concentration below any lower explosive limits. Use explosion-proof ventilation equipment. Ensure all national/local regulations are observed.

Materials for Protective Clothing: Chemically resistant materials and fabrics.

Hand Protection: Wear chemically resistant protective gloves. Practice safe glove removal to avoid skin contact with this product.

Eye Protection: Chemical goggles or safety glasses.

Skin and Body Protection: Wear suitable protective clothing. When there is a risk of ignition from static electricity, wear anti-static protective clothing.

Respiratory Protection: Use a NIOSH-approved respirator or self-contained breathing apparatus whenever exposure may exceed established Occupational Exposure Limits.

Environmental Exposure Controls: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable limits. Do not allow the product to be released into the environment.

Consumer Exposure Controls: Do not eat, drink or smoke during use.

SECTION 10: STABILITY AND REACTIVITY

10.1. Reactivity: No specific test data related to reactivity available for this product or its ingredients.

10.2. Chemical Stability: Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of Hazardous Reactions: Under normal condition of storage and use, hazardous reactions will not occur.

10.4. Conditions to Avoid: Avoid all possible sources of ignition (spark or flame). Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition. Do not allow vapor to accumulate in low or confined areas.

10.5. Incompatible Materials: strong oxidizing materials

10.6. Hazardous Decomposition Products: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: TOXICOLOGICAL INFORMATION

11.1. Information on Toxicological Effects - Product

12.2. Persistence and Degradability: Not Classified

12.3. Bioaccumulative Potential: Not Classified

12.4. Mobility in Soil: Not Classified

12.5. Other Adverse Effects

Other Information: Avoid release to the environment.

SECTION 13: DISPOSAL CONSIDERATIONS

13.1. Waste treatment methods

Sewage Disposal Recommendations: Do not empty into drains; dispose of this material and its container in a safe way. Do not empty into drains. Do not dispose of waste into sewer.

Waste Disposal Recommendations: Dispose of waste material in accordance with all local, regional, national, provincial, territorial and international regulations.

SECTION 14: TRANSPORT INFORMATION

Not Regulated for transport

Special Precautions to the user: Transport within user’s premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

SECTION 15: REGULATORY INFORMATION

15.1. US Federal Regulations

### 15.2. US State Regulations

**California Prop. 65**

This product does not contain any chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

### 15.3. Canadian Regulations

This material is listed or exempted.

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by CPR.

**GHS Full Text Phrases:**

- **H332**: Harmful if inhaled
- **H302**: Harmful if swallowed
- **H312**: Harmful if in contact with skin
- **H318**: Causes serious eye damage
- **H319**: Causes eye irritation
- **H315**: Causes skin irritation
- **P280**: Wear protective gloves/ protective clothing/ eye protection/ face protection. Wash hands and any affected exposed skin/ clothing thoroughly after handling.
- **P301 + P312**: IF SWALLOWED: Call a POISON CENTER if you feel unwell.
- **P305 + P351 + P338**: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue Rinsing.
- **P337 + P313**: If eye irritation persists: Get medical advice/ attention.
- **P302 + P352**: IF ON SKIN: Wash with plenty of soap and water.
- **P362**: Take contaminated clothing and wash before reuse.
- **P332 + P313**: If skin irritation occurs: Get medical advice/ attention.
- **P304 + P340**: IF INHALED: Remove the victim to fresh air and keep at rest in a position comfortable for breathing.
- **P310**: Immediately call a POISON CENTER
- **P321**: Specific Measures (see supplemental first aid instructions on this label.)
- **P403 + P235**: Store in well-ventilated place. Keep Cool.
