

Sea-Wash® 2000 Multi-Purpose Odor Remover and Cleaner

Sea-Wash® 2000 Multi-Purpose Odor Remover & Cleaner Neutral pH is an 100% concentrate alternative to hazardous alkaline and butyl-type cleaners. **Sea-Wash® 2000** is a highly concentrated, industrial strength cleaner that combines proven cost-effectiveness with unsurpassed cleaning ability. **Sea-Wash® 2000** is a non-hazardous, environmentally friendly cleaner that permanently kills ALL odors as it cleans.

Sea-Wash® 2000 is biodegradable, non-toxic, non-hazardous, and non-flammable general purpose concentrate which can be diluted for use in a broad range of cleaning applications. It is designed to work in floor and carpet cleaning equipment where it displays excellent one-pass performance when diluted 19:1 with water. For tougher soils, **Sea-Wash® 2000** can be used in floor scrubbing machines at a dilution ratio of 100:1.

The unique surface activity provided by **Sea-Wash® 2000** work to eliminate the source of foul odors and creates a micro-biostatic barrier which prevents reformation of mold & mildew without the use of bleach. It does not contain HAPs or other ozone depleting components. Field tests demonstrate its efficacy in treatment of home interiors, fabrics, boats, recreational vehicles and other mold-prone environments.

Sea-Wash® 2000 Multi-Purpose Odor Remover and Cleaner Neutral pH is recommended for use in carpet and floor cleaning equipment

FEATURES/BENEFITS

- **Bio-based** – non-toxic, bleach-free, ozone-free, pH-neutral, biodegradable and environmentally sensitive
- **Versatile** - safe for use in a broad range of applications including treatment of fabrics and other delicate items
- **Super Concentrated** – 100% concentrate which can be diluted down to 100:1
- **Low Foaming** – will not foam in spray applications as low as 110°F
- **Multi-Metal Safe** - can simultaneously clean steel, aluminum, copper and brass. Does not tarnish or dull cast aluminum parts
- **Eliminates Odors** - Create a microbiostatic barrier that denies mold & mildew the essential elements they need to live
- **Non-Flammable** - improves employee safety and eliminates fire hazards
- **Low VOC** - meets SCAQMD Air Quality standards for VOC emissions at 30% concentration and lower, as per 40CFR Part 51.100(s)
- **No Phosphates, Nitrites, or HAPs** - contains no harmful solvents or additives
- **Cost Effective** – super concentrated and broad application range helping reduce inventory

DILUTION RATIO

Carpet Machines: 100:1
 Normal Cleaning: 1:64
 Heavy Duty Cleaning 1:48
 Extra Heavy Duty Cleaning: 1:24
 Industrial Carpet & Floor Cleaning: 1:19

Typical Characteristics

Sea-Wash® 2000	
Property	
Appearance / Odor	Clear/ N/A
Boiling Point °F	210
Specific Gravity	1.083
Solubility in Water	Infinite
pH	7.0

Typical test data are average values only.
 Minor variations which do not affect product performance are to be expected during normal manufacturing.
