**Super S® Oil Treatment**

**Super S Oil Treatment** is a high efficiency, synthetic lubricant that molecularly bonds with metal engine components forming a protective layer effectively minimizing friction and wear. Treating crankcases with **Super S Oil Treatment** every other oil change can lead to fuel mileage increases up to 30%. Suitable for use in Gas and Diesel engines.

**FEATURES/ BENEFITS**
- Coats engine with a tough slippery film that resists heat and pressure
- Protects against corrosion throughout the engine
- Keeps engine parts clean
- Improve oil viscosity
- Reduces oil degradation with temperature
- Extends engine life
- Stops engine smoking
- Drastically reduces exhaust smoke
- Increases horsepower, lowers operating temperatures and helps reduce engine noise and vibration.
- Works in crankcases, transmissions (except CVT), differentials and power steering (usage amounts below)
- Works well with either gasoline or diesel fueled motors and engines
- Compatible with all brands of synthetic and petroleum based oils

**APPLICATIONS**
- Can be added at anytime not just at oil changes
- 2 oz per qt of oil in engines/crankcases
- 1 oz per qt of fluid for transmissions (except CVTs), differentials and power steering
- 1 oz per qt of fluid in motorcycles

**SPECIAL HANDLING, NOTICES OR WARNINGS**

In case of eye contact, flush with water for at least 15 minutes

Do not ingest. If ingested drink large volume of water

Do not induce vomiting

Call physician immediately
