SUPER S® R & O HYDRAULIC OIL
Super S® R & O is a general purpose hydraulic oil that protects against rust, oxidation, corrosion and foaming in a wide variety of applications where service is light to moderate and anti-wear or extreme pressure properties are not required.

PRODUCT	PACKAGING	PART #
ISO 32	3/1 Gal	SUS 23-3
	5 Gal	SUS 1
	55 Gal	SUS 3
ISO 68	5 Gal	SUS 2
	55 Gal	SUS 2-55

(Products are also available in Totes for ISO 100)

SUPER S® ALL-SEASON HYDRAULIC FLUID
Super S® Multi-Vis AW Hydraulic Fluid is a high viscosity index hydraulic oil for use in mobile and industrial equipment operated in a wide range of temperature climates. It is available in 2 grades (5W-20 and 10W-30) to match almost any application. It's formulation offers superior shear stability performance over ISO grade fluids. The naturally heat-resistant base oils resist thermal break-down and maintain their protective viscosity, allowing formation of a strong lubricating film for excellent wear protection.

Recommended for:
Eaton-Vickers I-286-S, M 2950-S
Racine Model S Denison HF-0, HF-1, HF-2
Cincinnati Machine P-69(5W-20), P-70(10W-30)
DIN 51524 Parts 2 & 3

PRODUCT	PACKAGING	PART #
5W-20	12/1 Qt	SUS 400
10W-30	12/1 Qt	SUS 400

SUPER S® SNOW PLOW LOW HYDRAULIC FLUID
Super S® Snow Plow Hydraulic Fluid is a premium, high performance hydraulic fluid designed for extremely cold temperature operations, particularly in arctic climates, allowing hydraulic systems to start at temperatures of -50°F under no-load conditions. It is a suitable replacement for Sno-Way 96005029, Mayer 15134, and Western 49311 Hydraulic Fluids for use in snow plows operating in extreme cold climates. It may also be used in emergency shut-down valves or other critical low temperature heavy-duty hydraulic systems that are required to respond quickly and reliably.

PRODUCT	PACKAGING	PART #
Snow	12/1 Qt	SUS 400
Plow	3/1 Gal	SUS 400-3

SUPER S® PREMIUM UNIVERSAL TRACTOR HYDRAULIC FLUID

Super S® Premium Universal Tractor Hydraulic Fluid is a premium multi-functional fluid used as a hydraulic medium and as a transmission, differential, power steering, power brake, power take-off (PTO), and implement drive fluid. The superior detergent/dispersant package keeps systems cleaner for longer life, while frictional characteristics permit the wet brakes to hold properly and allows smooth engagement of power take-off (PTO) clutches.

PRODUCT	PACKAGING	PART #
Premium	3/1 Gal	SUS 236-3
Universal	3/2 Gal	SUS 236-2
Tractor	5 Gal	SUS 236
	55 Gal	SUS 236-55

FEATURES / BENEFITS

- Superior detergent/dispersant package keeps system cleaner for longer life
- Lubricates the transmission, differential and final drive gears in tractors and implements
- Provides extreme pressure (EP) and anti-wear protection
- Protects against rust, corrosion, foaming and oxidation
- Prevents seal and pump deterioration
- Protects tractor transmission, axles and hydraulic pumps
- Eliminates brake chatter

Premium Universal Tractor Hydraulic Fluid has been field-tested and is suitable for use where any of the following fluids are recommended:

Allis Chalmers PF-821XL	John Deere J20, J20A
Caterpillar TO-2	(Hy-Gard), J20C, J14B, J14C
Denison HF-0, HF-1, HF-2	303, Quatrol
Deutz HTF	Kubota UDT, UDT Super
Ford /New Holland	Massey Ferguson,
M2C41-B, M2C48-B	M-1110, M-1127, M-1129
M2C53-C, M2C77-A	(Permatran)
M2C86-B, ESN-M2C134	Oliver Type 55
M2C134-B, M2C134-C	Renk Doromat ATF
M2C134-D	Steiger Hydraulic Trans
International Harvester	Fluid
Hy-Tran, spec. B-6	Sunstrand HMS-103
JI Case/David Brown	Versatile Gear/Hydraulic
JIC-143, 144, 145, 185	Trans Fluid
MS-1204, 1205	White Q1722, Q1826
MS-1209, MS-1210 (TCH)	MS-1206 (Powergard PTF)

SUPER S® PREMIUM UNIVERSAL TRACTOR HYDRAULIC FLUID - J20D

Super S® Premium Universal J20D Tractor Hydraulic & Transmission Fluid is a premium, low viscosity hydraulic medium which can be used as a transmission, differential, power steering, power brake, power take-off (PTO), and implement drive fluid. It meets or exceeds John Deere J20D and J21A performance specifications and is suitable for use in most farm and industrial tractors specifying a multi-grade, low viscosity medium.

PRODUCT	PACKAGING	PART #
J20D	5 GAL	SUS 273-5

SUPER S® SUPERDRAULIC™ AW HYDRAULIC FLUID

Super S® SuperDraulic™ Premium AW Hydraulic Fluid is an extended drain, heavy-duty anti-wear hydraulic oil formulated with high VI paraffinic base oils and an advanced additive package to provide superior oxidation and thermal stability for (ASTM D-943) 5000+ hour service. It provides excellent water separation and demulsibility, and is specially formulated to suppress foaming while also allowing rapid air release, improving hydraulic system performance and helping to prevent pump cavitation. It protects system components from rust and corrosion.

PRODUCT	PACKAGING	PART #
ISO 32	5 Gal	SUS 161
	55 Gal	SUS 162
ISO 46	5 Gal	SUS 164
	55 Gal	SUS 163
ISO 68	5 Gal	SUS 166
	55 Gal	SUS 167
ISO 100	55 Gal	SUS 169

(Products are also available in ISO 15, ISO 22, ISO 150, ISO 220, 5W-20 & 10W-30. Ask your sales rep for more information)

SUPER S® AGRI+PLUS HYDRAULIC FLUID

Super S® AGRI+PLUS Agricultural Hydraulic Fluid is a mono-grade (20W) fluid. Super S® AGRI+PLUS Agricultural Hydraulic Fluid provides an economic solution to higher priced sump lubricants that protects hydraulics and final drives. It is environmentally friendly and is an excellent choice for general lubrication. It is suitable for use in agricultural applications which call for an SAE 20W hydraulic fluid.

PRODUCT	PACKAGING	PART #
AGRI+PLUS	5 Gal	SUS 199

CAUTION: Some specifications are no longer deemed active by the original equipment manufacturer. Significant harm to the transmission, hydraulic system, seals, final drive or axles is possible when using this product in applications which is not intended. This is not intended to be used as a universal tractor hydraulic fluid or motor oil.

SUPER S® MINING HYDRAULIC OIL

Super S® Mining Hydraulic Oil is blended from well-refined base stocks to provide anti-wear lubricating properties primarily in mining applications. It is formulated with select additives to provide anti-rust and anti-oxidation performance. To meet requirements of the mining industry, this product is packaged in square metal cans.

PRODUCT	PACKAGING	PART #
ISO 68	35 lb Pail	SUS 40M
ISO 100	35 lb Pail	SUS 100M
ISO 150	35 lb Pail	SUS 150M

SUPER S® ANTI-WEAR HYDRAULIC FLUID

Super S® AW Hydraulic Oils are general purpose, antiwear, rust, corrosion and oxidation inhibited oils with an anti-foam additive. They are suitable for use where service requirements are normal to moderate and long term, heavy-duty wear protection is not critical.

Recommended for:

Sperry Vickers M-2950-S & I-286-S
Denison HF-0, HF-1 & HF-2
Cincinnati Milacron P-68, P-69 & P-70
